

Public Workshop Schedule

Community Conversation on Streets, Parks, and Facilities

The City Council is hosting public workshops to get your thoughts on the condition of the City's basic infrastructure, including streets, sidewalks, libraries, community centers, police and fire stations, and park and recreation facilities. We want to learn what's important to you and get your input on how the City Council should prioritize funding. A Council Committee will take the suggestions from the public to develop a plan to upgrade and modernize public facilities. Please join us at one of these hour-long workshops.

- Wednesday, September 24, 5:30 p.m., Central Library, Faulkner Gallery, 40 E. Anapamu St.
- Saturday, October 4, 2 p.m., Our Lady of Guadalupe Church, 227. N. Nopal St. (*Spanish Translation Available*)
